

Dear Sir/Madam: I served my country for 22 years and did so to insure that I and all Americans could have freedom of choice. I choose to NOT have telemarketers have my phone number and choose NOT to have them call me. If I want a product it is up to me to search for what I want. Do not invade my home with unsolicited calls. Please keep your hands off New Jersey's DO NOT CALL Program. Thank you LTC Philip G.Grassia, US Army Ret.
